## “Rangel Silaev is a virtuoso musical all-rounder”

- Paul Witteman.

Are you looking for an artist who knows how to strike the right sensitive tone in the performance of a new, spicy composition?

For a premiere performance in front of a large audience?

Or a professional producer with his own, well-equipped recording studio?

Pianist/composer and musical all-rounder Rangel Silaev is available for a wide range of assignments.

Rangel Silaev enjoys challenging assignments, such as making new, professional composition recordings (for CDs, streaming services, etc.) on his Steinway grand piano in his own concert hall/recording studio ERA Studio's in Venray.

He has performed his own pieces with various (foreign) orchestras since he was 9 years old, including Mozart, Rachmaninov concertos, Gershwin's Rhapsody in Blue.

He has won numerous prizes, including the first prize at the International Novak Piano Competition in the Czech Republic, first prize at the Princess Christina Competition and the Classic Young Masters Award.

He was also awarded the 'Gouden Label' encouragement prize by Klassiek Centraal in Belgium. Within the last 2 years Rangel has received 4 Platinum Records and 15 Golden Records, Edison Award 2024 for his own modern music.

He regularly plays at the request of composers their albums and their new pieces on his own Steinway grand piano in our own concert hall "Era Studio's" (for Label Recording.)

We gladly look forward to hear from you if you want to discuss a collaboration. Feel free to contact us.

Kind regards,  
Rangel Silaev | Oksana Titova  
ERA Studio's manager

# Biography

Pianist, composer and producer Rangel Silaev (2000) started playing the piano when he was five years old. From 2010 Rangel was the youngest student of the YMA conservatory in Tilburg.

He received education in two disciplines at the conservatory (piano and composition) and took master classes with foreign teachers and at the Imola Piano Academy. From September 2014, Rangel followed his training at the Royal Conservatory in The Hague.

Rangel performs frequently at home and abroad. In 2011 and 2012, Rangel was a prize winner at the Princess Christina Competition. He was 2nd at the international EPTA competition 2014, was the winner of the International Novak piano competition 2016 in the Czech Republic and of Meesterproef bij de Doelen. He has also received the Classic Young Masters award, with which he won a two-year, personally tailored coaching program. In 2017 Rangel received the Gouden Label incentive prize from Klassiek Centraal in Belgium and flew to Greece that year to give concerts in Athens and Crete at the invitation of the Dutch Embassy and the Princess Christina Concours.

July 2024: the new movie by Dylan Haegens 'Superkrachten voor je hoofd' ('Superpowers for your head') in premiere in movie theaters. The music for this film has been composed and produced by Rangel

He has performed his own pieces with various (foreign) orchestras since he was 9 years old, including Mozart, Rachmaninov concertos, Gershwin's Rhapsody in Blue.

In addition to the classical repertoire, Rangel plays self-composed contemporary music during concerts.

Rangel can often be seen on television. In September 2015, for example, he appeared in a documentary about him called "Every-thing for your child" on NPO 1, presented by Katja Schuurman.

Rangel and his family were followed for a year for this documentary. Another documentary about Rangel called "Make my dream" won the CampusDoc film festival.

In December 2019 he was a guest at the program 'Podium Witteman' and was a guest at RTL7 Ondernemerslounge in 2020.

From 2014, Rangel has also been busy making electronic music, pop music and film music, and often incorporates these new music styles into his own concerts.

He implements all the knowledge he has acquired of classical music to be able to write his own music at the highest level, both as a soloist and in collaboration with other artists.

In 2020 Rangel signed a large publishing deal for this with Cloud9 Music BV: through this deal he can gain extra momentum with his own music and get involved in various studio sessions.

Since 2018, Rangel has also been active as a teacher in making music and playing the piano at a professional studio and school in The Hague 'DJ2BE'. At the end of 2019, together with his parents, he opened his own concert hall and studio in his hometown of Venray, called 'Era Studio's'.

In this room he, is engaged in his own projects, concerts and recordings and sharing them with the whole world.

Unfortunately, the strict Covid restrictions during the last few years have hit many young, talented musicians hard. As a result, Rangel Silaev was also temporarily unable to realize his great ambition - to perform piano recitals and concerts with orchestras in front of a live audience in concert halls.

During this period he was sadly forced to limit himself to composing and producing vocal songs for other artists.

But fortunately the future looks bright again and he can once again develop his great musical potential as a brilliant performing artist.
